

Rep.	Components description	Dia. mm	Features
1	1 x 70 mm ² extra flexible red copper conductors TPE insulated	15.4	<p><u>Electrical features</u></p> <p>Conductors operating voltage: 0.6/1 KVolts Conductors linear resistance: ≤ 0.272 Ohm/km</p> <p><u>General characteristics</u></p> <p>Operating temperature: -30 to +80 °C Static bending radius: ≥ 5 x outer diameter Dynamic bending radius: ≥ 10 x outer diameter Linear weight in air: 0.91 kg/m</p> <p>Outside diameter: 19.2 ± 0.9 mm</p> <p>Cores identification:</p> <p>White</p> <p>Sheath colour: Black</p>
2	Anti friction tape		
3	0.20 mm ² tinned copper braid		
4	Polyester tape		
5	Polyurethane outer sheath Flame retardant IEC 60332-1 Halogen free IEC 60754	19.2
