

Rep.	Components description	Dia. mm	Features
1	3 conductors of 1.5 mm <sup>2</sup> in flexible plain copper insulated in MULPEX ( Ø 2.5 mm )	5.4	<i>Electrical features</i> Conductors operating voltage: 250 Volts Conductors linear resistance: ≤ 13.6 Ohm/km
2	Water tightness compound		
3	9 conductors of 1.5 mm <sup>2</sup> in flexible plain copper insulated in MULPEX ( Ø 2.5 mm )	10.4	<i>General characteristics</i> Operating temperature: -20 to +80 °C Bending radius: > 240 mm Linear weight in air: 0.400 kg/m
4	Water tightness compound		
5	Assembling tape	10.5	Outside diameter: 16 ± 0.8 mm
6	Tinned copper braid	11.4	Cores identification:
7	Separating tape	11.5	Colours
8	Polyurethane sheath	16	Sheat colour: Yellow
